NSBM GREEN UNIVERSITY TOWN

NSBM

GREEN UNIVERSITY TOWN

The National School of Business Management (NSBM) is a degree awarding body, that offers undergraduate and postgraduate degree programs in Management, Computing and Engineering. Innovation is key at NSBM as we understand the importance of originality and creativity in this global village of a world. Accordingly NSBM is implementing another innovative approach which caters to fill the knowledge gap of the existing working force in Sri Lanka by initiating diploma and certificate programmes in the disciplines of Business, Computing, Engineering, Language and Designing with the intention that all the participants are fully prepared to face any challenges the world has to offer.

We pride ourselves on the innovative and entrepreneurial qualities that NSBM imparts its participants through its excellence in teaching and research. Along with our ethnically and culturally diverse workforce we also inculcate distinct events such as trainings and study tours to provide international expertise based on the respective fields to ensure that the participant is benefitted the most. Thus, the programmes that NSBM offers are much more than just a certificate; our lecture panel skillfully integrates leadership, ethics, global thinking, core management skills and technological innovations into the learning process to make our participants well qualified global citizens.

OUR VISION

“ To be Sri Lanka’s best performing Graduate School and to be recognized internationally ”

OUR MISSION

“ To develop globally competitive and responsible graduates that businesses demand, working in synergy with all our stakeholders and contributing to our society ”

POSTGRADUATE & PROFESSIONAL PROGRAMMES

PROSPECTUS 2020

POSTGRADUATE & PROFESSIONAL PROGRAMMES

FOREWORD

Since the inception of National School of Business Management Green University from 2016, it has been a great pride to observe how this university has managed to thrive. Going beyond the traditional concept of a university, NSBM is initiating its major next step; the implementation of Diploma and Certificate programs for professionals to uplift their knowledge and expertise.

It is well known that NSBM is at the foreground as a higher educational institution in qualifying the participants for the future, in terms of their lives and careers. NSBM has been a university that prioritizes professionalism and it's an institution that strives innovation. Moving ahead with our theme for the year 2020 'Rise Sri Lanka' we are providing great opportunities for Sri Lankan workforce to develop themselves. The programs have been designed to cater to the demands of the industry and provide prospects for people to move

up in the career ladder by being qualified since we offer tailor made programmes conducted by the expertise in the respective fields from the Certificate to the Masters levels.

NSBM is a university that endeavours to move forward with technological advancements. NSBM has vastly improved the learning environment through automation by embracing new and emerging technologies in teaching and learning engagements. These improved facilities offer a unique global environment to our participants enabling a truly world class learning experience.

I sincerely wish this new inception would be a vital prospect for the citizens in Sri Lanka and I expect they would join us to obtain a world class education.

PROF. E.A.WEERASINGHE
Vice Chancellor
NSBM Green University Town

AMENITIES

LECTURE HALLS

Modern classrooms, lecture halls and computer laboratories are available for conducting academic programmes as well as professional training. These facilities are equipped with modern audio-visual equipment and other related infrastructural facilities.

LIBRARY

NSBM library has a rich collection of books in the fields of Management and Computing. The Library is also equipped with a modern sit-and-read facility and computers that allow students to browse Internet free of charge. All students of NSBM are eligible to use the library facility and upon obtaining the membership, they could borrow books and periodicals. Photocopying facilities are also available at a concessionary rate at the library. Within the context, in addition to the prescribed reading materials, students may expand their reading territory independently.

RECREATIONAL FACILITIES (PLAY GROUND, GYMNASIA, SWIMMING POOL)

NSBM recreational building consists of a swimming pool with 6 lanes, a multipurpose indoor sports building, and a gymnasium with an exercise hall, an observation deck, a pavilion and tiered seating for 600 average spectators.

STUDENT CENTER

NSBM student center building (B1) consists of a health center, a multipurpose hall, a career guidance office, an audio visual room, a book shop, counselors' rooms, club offices and an informal study area, allocated for student activities.

IT LABORATORY SERVICES

NSBM provides a comprehensive IT infrastructure in support of teaching and conducting practical sessions. Students are expected to use computer labs according to the schedules given and the use of IT resources should comply with the IT policy of NSBM.

LEARNING MANAGEMENT SYSTEM (LMS)

NSBM LMS provides a rich source of subject related content for students. Upon registration you will be provided with the required credentials to access the LMS. You are encouraged to utilize the resources available in LMS; read the module descriptors, lecture material well in advance and prepare before attending the lectures to realize your full potential.

AUDITORIUM

A modern auditorium with state-of-the-art audio visual facilities is available to showcase the talents of the youth of NSBM.

BANKING SERVICES

Banking facilities are available in-campus, in the auditorium building.

NSBM SHUTTLE SERVICE

Apart from public and private transport services, a limited shuttle service is available during the peak hours between High-Level Road and NSBM Green University Town. These buses provide transport to students in affordable rates in a pre-defined schedule.

POSTGRADUATE PROGRAMMES

FACULTY OF BUSINESS

NSBM POSTGRADUATE LIFE

Postgraduate life at NSBM is colorful, educational and entertaining, it is indeed another chance of enjoying the real essence of university life with the added prestige of reading for an advanced degree. The programme entails residential workshops, foreign tours, outbound training programmes,

and many more interesting sessions which provide several important take-home messages. These sessions are essentially developed to build an effective leader, and an innovative thinker who shall transform into an expert in the area of managerial work.

AUSTRALIAN TOUR

Postgraduate diploma, MBS and MBA students visited NSBM's higher educational affiliate partner Victoria University and University of Melbourne which is one of the prestigious group of eight Universities in Australia for an educational tour. The tour integrated educational inspiration with excitement and fun, including exposure in terms of interactive meetings and a corporate visit.

NSBM, EXECUTIVE TRAINING PROGRAM ON “BIG DATA” IN SWEDEN

IN PARTNERSHIP WITH UNIVERSITY OF STOCKHOLM

The 3rd foreign executive training program was successfully conducted at the Department of Computer and Systems Sciences (DSV) of Stockholm University, Sweden. This time the training program was held under the theme of Big Data for managing challenges and opportunities in the digital age by sharing Swedish excellence.

The program had a series of lectures followed by company visits, focused on key areas such as Big Data, Business Restructuring, Cyber Security in modern

organizations, Artificial Intelligence and Managing change. Further, it also included unforgettable experiences of a two-day conference on a cruise from Stockholm to Helsinki.

The key resource persons of the training program, were Dr. Henrik Hanson and Prof. Herald Kjellin from the University of Stockholm. The program encompassed a diverse group of participants, including senior government officials, senior banking officials, senior academics, senior managers and executives in business organizations.

ICOBİ 2019

The 2nd International Conference on Business Innovation (ICOBİ 2019) was held on 22 November 2019 under this year's theme of reviving talent and green living. The conference

included an opening ceremony which was held at the NSBM auditorium. The parallel sessions and the poster presentations were held at the Faculty of Business premises.

NSBM JOURNAL OF MANAGEMENT

NSBM Journal of Management is a refereed academic journal being published by the university which is a bi-annual, open access journal that aims to provide a scholarly platform for critical and informed articles in all fields of Management. The journal accepts authentic work in the form of research articles, case studies, research notes and book reviews.

PROSPECTUS 2020

POSTGRADUATE & PROFESSIONAL PROGRAMMES

RESIDENTIAL WORKSHOPS & OBT

NSBM MBA program which is highly inclusive of updated knowledge, fun and experience is the ample opportunity provider for a progressive future. It always offers a far deeper touch of education, by going beyond the traditional educational

methods. Proving that factor, it recently had its “Residential workshop and outbound training program” for the batch 18.2, Master of Business Administration students. It was held at Taj Bentota on 13th and 14th July 2019. The first day of the program started with a session from Dr P.B Jayasundara on Corporate Negotiations. Then it carried on with two other sessions on Presentation Skills and business communication which were conducted by invited resource personnel. The second day was carried out with outbound training sessions which were fun, knowledgeable and team spirit building .

NSBM BUSINESS DIALOGUE

The bi-annual magazine is a much sort after publication at the university. Its most compelling quality is its collaborative nature, with both students and lecturers as contributing editors and authors. Each issue captures the brilliant words and advice of business gurus and experts stemming from multiple industries across the world.

This magazine is primarily printed for

distribution among the students at NSBM, to act as a source of inspiration, whilst learning the ample opportunities and pathways of their chosen fields of study. The many trials and tribulations faced by current business leaders, both locally and internationally, shall indeed act as a stimulus to all our aspiring young undergraduates.

POSTGRADUATE STUDENT ENDORSEMENTS

Being a graduate from the University College Dublin, I always trusted NSBM as a place which offers the best educational opportunities. Postgraduate life at NSBM is fascinating because you get to learn from the best in the academia and in the industry. The courses are designed to provide practical exposure to students. The staff at NSBM are friendly and helpful. They always make sure that the students are aware of the information regarding their studies. If you are looking for a qualification which enhances your knowledge at an affordable price, NSBM is the best place for you.

MAHESHI PERERA

***Master of Business Administration
Customer Relations Executive
STRETCHLINE (PVT) LIMITED***

I would like to say that NSBM Green University is a place that results in a fruitful academic experience. What my current experience and genuine sense of feeling as a career-oriented student is that I made the right decision selecting NSBM, as it excels in providing a professional and engaging learning environment, with an enthusiastic and well experienced lecture panel. The course content is perfectly aligned to contemporary trends in the business world. Also, Green University comprises ultra-modern facilities with highly sophisticated lecture halls, laboratories, and a library. Therefore, I highly recommend NSBM to any student.

INDIKA PEIRIS

***Master of Business Administration
Manager - Laugfs Eco Sri Limited
(Subsidiary of LAUGFS gas PLC)
Visiting Lecturer - SLIATE (Ministry of
Higher Education)***

I am pleased to say that the quality of the content in the NSBM MBA programme is good and all the lecturers are experienced and professional. I have classmates from a very diverse background who are open, well-educated and have rich experiences. I have learned a lot from NSBM, and I am certain I will be very well geared to put all I've learnt to practice at my workplace.

L A N N LIYANAARACHCHI

***Postgraduate Diploma in Business Management
Freelance Translator***

As one of the largest tertiary education providers in the country with a highly professional, qualified and

supportive lecture panel with extensive teaching and study methods, I believe that NSBM is a favorable study destination of excellence, knowledge, partnerships and innovation for national and international students. I am particularly interested in Postgraduate Diploma in HRM, since its in-depth course content and challenging stage based programme which is available for an affordable course fee. I recommend this good institute for those who are willing to be a partner of an excellent education.

DIPLOMA PROGRAMMES

NSBM GREEN UNIVERSITY TOWN

- > PROFESSIONAL DIPLOMA IN DATA SCIENCE (PDDS)
- > HIGHER DIPLOMA IN INFORMATION & COMMUNICATION TECHNOLOGY (HDICT)
- > EXECUTIVE DIPLOMA IN PROFESSIONAL COUNSELLING PSYCHOLOGY (EDPCP)
- > DIPLOMA IN GEOINFORMATICS & REMOTE SENSING (DGIRS)

PROFESSIONAL DIPLOMA IN DATA SCIENCE (PDDS)

Professional Diploma in Data Science is designed to give background understanding of the aspects of Data Science together with basic programming, mathematics and statistics knowledge. Further, this course ideal for anyone interested in developing skills and experience to pursue a career in Data Science or Machine Learning. The Faculty is drawn from professionals and academics in the field of data science. The teaching will be mainly based on practical sessions with hands on exercises, industry applications and the case-study approach in addition to more traditional methods.

CONTENT

1.	Introduction to Data Science and Programming in Python & R
2.	Mathematics for Data Science
3.	Statistics for Data Science - I
4.	SQL Databases for Data Science
5.	Data Exploration and Visualization with Python & R

6.	NoSQL Databases for Data Science
7.	Statistics for Data Science - II
8.	Machine Learning - I
9.	Machine Learning - II
10.	Individual Research Project

**Subjected to revision according to the industry requirements*

OBJECTIVES

- To provide an in depth knowledge for the Data Science.
- To improve programming, mathematics and statistics knowledge and skills to be used in career related to data science.
- To open a doorway to the qualification of B.Sc. in Data Science and guide to step on higher studies in the field of Data Science.

ADMISSION CRITERIA

- Those who have completed bachelor's degree and employed
- G.C.E A/L qualification with more than 3 years of executive working experience in the relevant field
- G.C.E O/L qualification with more than 5 years of working experience in the relevant field
- Those who have completed one year foundation course and employed in the relevant field
- Those who have completed the certificate course and employed in the relevant field

MEDIUM:

English

DURATION:

1 year (Saturday/or
Sunday 9.00 am to 4.00 pm)

METHODOLOGY:

Interactive sessions with Lectures,
Laboratory sessions, Presentations, Take
home assignments

HIGHER DIPLOMA IN INFORMATION & COMMUNICATION TECHNOLOGY (HDICT)

The Higher Diploma in Information and Communication Technology is a professional qualification which provide you with an advanced knowledge in all aspects of IT, but particularly focuses on computing, network systems and web technologies. Qualified students will be equipped for a career in ICT industry, business sector or the public sector, and you can expect to progress quickly to higher levels of responsibility. Students who successfully complete the Higher Diploma in Information and Communication Technology could proceed to the bachelor's degree program in Computer Science, Information Technology or any other degree specialized in a related field.

CONTENT

1.	Algorithms and Data Structures - II
2.	Web and Mobile Application Development
3.	Networking and System Administration
4.	Computer Programming II
5.	Introduction to IoT

6.	Information Security
7.	Management of Organisations
8.	Individual Project (Implementation Project)

OBJECTIVES

- To Improve the in depth knowledge in Information and Communication Technology focused in computing, network systems and web technologies.
- To help participants to improve their competence, self-confidence and skills in handling ICT projects.
- To directly qualify students to pursue bachelor's degree in Computer Science or Information Technology.

ADMISSION CRITERIA

- Those who have passed GCE A/L or an equivalent qualification **AND**
- Completion of a minimum of 30 credits at Diploma (SLQF Level 3) in ICT

MEDIUM:

English

DURATION:

1 year (Saturday/or Sunday 9.00 am to 4.00 pm)

METHODOLOGY:

Lectures, Laboratory sessions, Presentations, Take home assignments

NEXT STEP:

Bachelor's Degree in Computer Science /Information Technology or any other specialized field

DIPLOMA IN INFORMATION & COMMUNICATION TECHNOLOGY (DICT)

The Diploma in Information and Communication Technology is a professional career focused qualification which provides skills, knowledge and tools required to involve in ICT related career. The developments in this area create opportunities for you to utilize the knowledge gained in the programme for either an international career, or higher education. The Faculty is drawn from professionals and academics in the field of Information & Communication Technology. The teaching will be mainly based on practical sessions with hands on exercises related to industry applications in addition to more traditional methods.

CONTENT

1.	Introduction to Information and Communication Technology	6.	System Analysis and Design
2.	Database Management Systems	7.	Computer Programming I
3.	Mathematics for Computing	8.	Human Computer Interaction
4.	Algorithms and Data Structures - I	9.	IT Quality Assurance and Project Management
5.	Fundamentals of Data Communication and Networks	10.	Individual Project (Design Project)

OBJECTIVES

- To improve the in depth knowledge in Information and Communication Technology and essential skills required for the efficient usage of computers in the industry.
- To help participants to improve their competence, self-confidence and skills in the use of ICT.
- To produce sufficiently skilled personnel to handle ICT requirements in small and medium scale enterprises effectively.
- To inculcate the desire within participants to pursue further studies in the field of ICT.

ADMISSION CRITERIA

- Those who have passed GCE A/L or an equivalent qualification
- A foundation course equivalent to SLQF level 2 after a minimum of 12 years of schooling followed by passing an aptitude test
- Completion of Certificate course in ICT from NSBM or any other recognized institute.

MEDIUM:

English

DURATION:

1 year (Saturday/or
Sunday 9.00 am
to 4.00 pm)

METHODOLOGY:

Lectures, Laboratory sessions,
Presentations, Take home
assignments

NEXT STEP:

Higher Diploma in
Information &
Communication Technology

DIPLOMA IN GEOINFORMATICS & REMOTE SENSING (DGIRS)

Over the past several decades' geospatial technologies acquiring, managing, interpreting, integrating, displaying, analyzing, data in the geographic, temporal, and spatial contexts, have gained increasing importance in both the public and private sectors. They include geographic information systems (GIS), remote sensing (RS), surveying techniques, WebGIS /MobileGIS and global positioning systems (GPS). These technologies have been used to uplift government, public and private sectors. This is an applied Basic GeoInformatics and Remote sensing (science, systems and technologies) course where you will perform various assigned exercises and readings so that you become familiar with the power and possibilities of spatial analysis.

CONTENT

1.	Introduction to GeoInformatics
2.	Introduction to Global Navigation Satellite System (GNSS)
3.	Introduction to Remote sensing (RS)
4.	Cartography and Map Projections
5.	Geoprocessing and spatial analysis
6.	Digitization and GIS layer preparation
7.	WebGIS/ MobileGIS platform Concept

8.	Data collection and analyzing
9.	Google Map and APIs
10.	Drone Mapping and Basics
11.	Working GEO-database
12.	WebGIS applications
13.	How GIS Is Changing the World – 1000+ GIS Applications

OBJECTIVES

At the successful completion of this course, a dedicated student will be able to:

- Understand the fundamental theory of Geographic Information Science (GISc) behind Geographic Information Systems (GIS)
- Gain a working knowledge and proficiency of GIS software
- Experience and fundamental understanding Global Navigation Satellite System (GNSS) and Global System for Mobile Communications (GSM) systems.
- Become efficient in building maps that can be shared with non-GIS users
- Map developing using Aerial photography (Drone Mapping)
- Use of GIS as an analytical and problem-solving tool to support organization planning.

ADMISSION CRITERIA

- Professional qualification in the same discipline (subjected to faculty approval)
- OR**
- General Certificate of Education (Advanced level) or an equivalent qualification

CERTIFICATE IN INFORMATION & COMMUNICATION TECHNOLOGY (CICT)

The Certificate Course in Information and Communication Technology is designed to give an overall understanding of the aspects of ICT together with insights into Computer Science. Further, the course will expose the participants to a wider spectrum of skills and expertise in Microsoft Office package, to help further develop the scope in their higher studies or career and workplace.

CONTENT

- | | |
|----|--|
| 1. | Introduction to Information Technology and Computer Hardware |
| 2. | Introduction to Computer Applications |
| 3. | Fundamentals for Mathematics |
| 4. | Application Development with C and Project |
| 5. | Application of Network & Internet |

OBJECTIVES

- To provide an overall understanding of the key concepts in Information and Communication technology as a beginning to ICT studies and general use.
- To improve knowledge and be exposed to a wider spectrum of skills and expertise in Microsoft Office package to help further development in your career and work-place.
- To open a doorway to the qualification of Diploma in ICT and guide to step on IT related career.

ADMISSION CRITERIA

- Those who have passed GCE O/L or an equivalent qualification
OR
- Sat for General Certificate of Education (Advanced level) Examination.

DESIGN

DIPLOMA

PROGRAMMES

NSBM GREEN UNIVERSITY TOWN

> DIPLOMA IN INTERIOR DESIGNING (DID)

DIPLOMA IN INTERIOR DESIGNING (DID)

Diploma in Interior Designing is designed for the learners who are seeking for an academic qualification on Interior designing. The course structure has designed in two semesters to give a proper understanding on design theories, fundamentals and principles of designing, to develop technical drafting skills, to enhance visual communication skills and practical application of theories learned in all the modules.

CONTENT

1.	Theory and Design Fundamentals	7.	Visual Communication
2.	History and Cultural studies	8.	Introduction to computer aided designs
3.	Technical drafting		
4.	Design Project		
5.	Basic Rendering Techniques		
6.	Interior Design Projects		

OBJECTIVES

- To provide deep understanding on design principles and theories
- To improve knowledge and be exposed to a wider spectrum of drawing and drafting skills and expertise in color and application.
- To make the students familiar with design projects and process
- To gain design management skills
- To gain project management skills

ADMISSION CRITERIA

- G.C.E A/L qualification with minimum one pass with at least 1 year working experience in the relevant field
- G.C.E O/L qualification with at least 5 years of working experience in the relevant field OR
- Those who are seeking for bachelor's degree in interior Designing

ADVANCED CERTIFICATE IN INTERIOR DESIGNING (ACID)

CONTENT

1. Theory and Design Fundamentals
2. History and Cultural studies
3. Technical drafting
4. Design Project

The Advanced Certificate in Interior Designing is designed for the enthusiastic learners who are seeking primary qualification on Interior designing. The course has designed to give an understanding on design fundamentals, principals and theories and application on concepts via real life design projects.

OBJECTIVES

- To provide an understanding on design principles and theories
- To improve knowledge and be exposed to a wider spectrum of drawing and drafting skills and expertise in color and application.
- To make the students familiar with design projects and process
- To open a doorway to the qualification of Diploma in Interior Designing

ADMISSION CRITERIA

- G.C.E A/L qualification with minimum one pass
- G.C.E O/L qualification with at least 1 year of working experience in the relevant field
- Those who are seeking for bachelor's degree or Diploma in interior Designing

CERTIFICATE

PROGRAMMES

NSBM GREEN UNIVERSITY TOWN

- > CERTIFICATE IN ADVERTISING DESIGN (CAD)
- > CERTIFICATE IN GAME DESIGN (CGD)

CERTIFICATE IN ADVERTISING DESIGN (CAD)

CONTENT

1.	Introduction to Advertising Design	6.	Design Gap and Problem Solving
2.	Advertising Mediums	7.	Idea Generation and Big Idea
3.	Advertising Strategies	8.	Concept Developing
4.	Types of Advertising Campaigns	9.	Design Execution and Impact
5.	Design Process	10.	Advertising Ethics

OBJECTIVES

- To develop young creative students to take on the problem-solving path to create innovative concepts to communicate ideas.
- To produce striking advertising mediums that meets the client's objective, reflects the brand personality and captivates their audience.
- To combine creative talent with innovative thinking to fill the creative need in the advertising industry.

ADMISSION CRITERIA

- School Leavers
- Job Seekers
- Students awaiting University entrance
- Enthusiasts in the advertising industry
- Design undergraduates who want to develop their advertising design skills

MEDIUM:

English/
Sinhala

DURATION:

10 Weeks

METHODOLOGY:

Interactive sessions by Industry Experts, Discussions on advertising executions, Group activities, Research, Presentation of ideas, Analysis and Evaluation.

CERTIFICATE IN GAME DESIGN (CGD)

CONTENT

- | | |
|----|---|
| 1. | Introduction to Design and Concept Developing |
| 2. | Introduction to Games & Game Design Industry (Highlighting Video Games) |
| 3. | Storytelling & Scripting |
| 4. | Developing skills in 2D & 3D graphics used in Game Developing |
| 5. | Introduction to Animation |
| 6. | Developing & completing a Video Game using a Game engine |

OBJECTIVES

- To develop design skills and an aesthetic foundation that supports all subsequent work.
- To build skill sets in 2D computer graphics, scripting, 3D modeling, animation, texture, and lighting.
- To design and develop a game level through group work that simulates professional pipeline production techniques.
- To create a video game personally produced for a final project.

ADMISSION CRITERIA

- School Leavers
- Job Seekers
- Students awaiting University entrance
- Enthusiasts in the advertising industry
- Design undergraduates who want to develop their advertising design skills

DIPLOMA IN ELECTRICAL & BUILDING SYSTEM MAINTENANCE (DIEM)

Diploma in Electrical & Building System Maintenance is designed for participants who wish to be involved in the construction of electrical system and maintain the existing systems in factories and building complexes. This programme provides the strong practical background with the theoretical knowledge in relevant area that is required for them. This program is ideal for participants who wish to start their carries in electrical engineering as technical level and progress toward the engineer in the field if electrical and building system maintenance.

CONTENT

1.	Mathematics
2.	Basic Electricity I
3.	Power Electronics
4.	Engineering Drawings
5.	IT For Electrical Engineering
6.	Applied Thermodynamics

7.	Electrical Measurements
8.	AC & DC Machines
9.	Electrical Safety & Protection
10.	Electrical Power Systems
11.	Wiring Diagram & Electrical Construction
12.	Building & Electrical System Maintenance

OBJECTIVES

- To provide deep understanding on mathematical principles and IT for electrical engineering.
- To improve knowledge and be exposed to a wider spectrum of electrical system and their maintenance.
- To make the students familiar with construction of electrical implementation and maintenance with real industry.
- To provide capability to interact with future development of electrical system and apply them real application.

ADMISSION CRITERIA

- G.C.E A/L qualification with minimum one pass with at least 1 year working experience in the relevant field
- G.C.E O/L qualification with at least 5 years of working experience in the relevant field **OR**
- Those who are following BTech Degree or any other applicable qualification

LANGUAGE DIPLOMA PROGRAMMES

NSBM GREEN UNIVERSITY TOWN

> EXECUTIVE DIPLOMA IN ENGLISH (EDE)

EXECUTIVE DIPLOMA IN ENGLISH (EDE)

Executive Diploma in English is designed to train professionals of both public and private sectors to develop their communication skills and to achieve their goals in English. This programme is ideal for the professionals in the industry who need to fine tune their language skills. Further this will indeed be helpful for professionals to deal with any situation which requires English in business environment. This will also be helpful for undergraduates and postgraduates who seek to improve their language skills that is required for the industry. The main objective of this diploma is to produce clearer communicators, more confident presenters, stronger participants in meetings and better business networkers.

CONTENT

1.	Effective business writing I
2.	English language review I
3.	Speaking & listening skills for business I
4.	Reading for business vocabulary I
5.	Personality Development
6.	Effective business writing II

7.	English language review II
8.	Speaking & listening skills for business II
9.	Reading for business vocabulary II
10.	IELTS practice
11.	Final Project

OBJECTIVES

- To develop their confidence in communicating at business gatherings
- To develop their business writing skills
- To communicate clearer with a wider use of vocabulary
- To develop their public speaking skills
- To use the language with confidence in day today communication
- To analyze business related texts in different contexts

ADMISSION CRITERIA

- Those who have 3 years work experience in executive capacity OR
- Pass in General English at G.C.E. (A/L) AND Credit pass in English at G.C.E.(O/L) AND
- Perform satisfactorily at an interview (in which they are assessed in terms of their language skills) which will be conducted by the NSBM.

> ADVANCED CERTIFICATE IN ENGLISH
FOR PROFESSIONAL PURPOSES (ACEPP)

ADVANCED CERTIFICATE IN ENGLISH FOR PROFESSIONAL PURPOSES (ACEPP)

The Advanced Certificate in English for professional purposes is specially designed for adults who are seeking English skills for their career advancement. This course will prepare its participants to use English in the work environment and to face all sorts of English related professional situations efficiently and effectively.

CONTENT

- | | |
|----|--|
| 1. | Advancement of Grammar skills |
| 2. | English writing skills to fulfill the professional requirements |
| 3. | Reading to comprehend, vocabulary development and proofreading |
| 4. | Professional vocal communication, logical organization and presentation of ideas |
| 5. | listening for better workplace communication |

OBJECTIVES

- To improve participants' knowledge in English from the ground level.
- Develop participants English communication skills to cope well in the workplace.
- To provide the practical language experience in an interactive classroom.
- To help the participants to lose fear in English and to use English more confidently.

ADMISSION CRITERIA

- Passing the admission test by scoring marks beyond 40

IN ENGLISH – B1 FIRST (CCEB1)

CAMBRIDGE CERTIFICATE IN ENGLISH – B1 FIRST (CCEB1)

Cambridge Certificate in English is an intermediate-level qualification for those who have mastered the basics of English and now have practical language skills for everyday use. This programme is ideal for individuals who have a passion to learn English in greater detail. Further this will indeed be helpful for professionals to deal with any situation which requires English language skills. This will also help undergraduates or post graduate students to improve their language skills.

CONTENT

- | | |
|----|--|
| 1. | Speaking for daily and general usage |
| 2. | Grammar |
| 3. | Introduction to writing |
| 4. | Reading for comprehension and vocabulary development |
| 5. | Listening for day to day communication |

OBJECTIVES

- To ensure students use different grammatical structures of the language accurately
- To improve their communicative proficiency in the field of academic, business and professional usage
- To analyze selected texts in different contexts
 - To improve listening skills and pronunciation
 - To develop their ability to use English effectively for the purpose of practical communication
- To form a solid foundation for the skills required for further study or employment using English as the medium
- To develop awareness of the nature of language and language-learning skills
- To promote learners' personal development.

ADMISSION CRITERIA

- Participants will have to sit for an Online Placement Test at NSBM, prior to registering for the programme

GENERAL ENGLISH WORKSHOP FOR A/L STUDENTS

General English Workshop for A/L Students is specifically designed for the A/L students who are sitting for the Advanced Level Exam. The workshop is open for school

leavers who are in seek of developing their English skills. This workshop will aid its participants to use English for academic purposes and to develop their writing skills.

CONTENT

- Advancement of grammar skills
- Structuring an essay/ answer

- English writing skills to fulfil the academic requirements
- Reading to comprehend, vocabulary development

OBJECTIVES

- To improve participants knowledge in English from the ground level.
- To develop participants English communication skills for academic purposes.
- To provide the practical language experience in an interactive classroom.
- To help the participants to lose fear in English and to use English more confidently.

ADMISSION CRITERIA

Students who are expecting to sit for the Advanced Level General English paper, school leavers and undergraduates who wish to develop their academic writing skills.

CERTIFICATION

Every participant will be awarded a certificate for participation upon the completion of 4 day workshop.
