# NSBM INTERNATIONAL COURSE GUIDEBOOK

NSBM GREEN UNIVERSITY

# NSBM GREEN UNIVERSITY

NSBM Green University (National School of Business Management) is the first of its kind in South Asia. NSBM offers undergraduate and postgraduate degree programmes in the fields of Business, Computing, Engineering and Science.

NSBM has designed an alternative and innovative approach to higher education in preparing young people to face the new challenges of the world. NSBM will integrate innovation and entrepreneurship with a culturally and ethnically diverse workforce, and international engagement of expertise in the fields of Management, Computing, Engineering, and Science.

NSBM has designed world-class degree programmes integrating leadership, ethics, global thinking, core management skills and leading-edge technological innovations. It mainly focuses on producing graduates and postgraduate professionals in the above field. It is defined by its mission as a creative and innovative school for future generations.

NSBM is driven under the themes of Innovation, entrepreneurship, technology and globalization to direct the country towards knowledge-based globalized economy, while creating synergies with the existing body of knowledge after considering the needs of the 21st century in the fields of Management, Computing, Engineering and Science Education. As a forward-thinking school in higher education, NSBM assures the vital need to make learning relevant to industry expectations. NSBM has forged strategic collaborations with leading universities such as University of Victoria, Australia, University of Plymouth, UK and Southern Cross University, Australia which enable its students to expose themselves to global thinking and best practices in global industries.

## OUR VISION

TO BE SRI LANKA'S BEST PERFORMING  
GRADUATE SCHOOL AND TO BE  
RECOGNIZED INTERNATIONALLY

## OUR MISSION

TO DEVELOP GLOBALLY COMPETITIVE AND  
RESPONSIBLE GRADUATES THAT BUSINESSES  
DEMAND, WORKING IN SYNERGY WITH ALL OUR  
STAKEHOLDERS AND CONTRIBUTING TO OUR  
SOCIETY.

# WELCOME TO NSBM GREEN UNIVERSITY THE FUTURE OF HIGHER EDUCATION!

We, at NSBM Green University, strive to create the perfect environment for our students in order to mould them to be global citizens who are both future team leaders and team players. We are proud to say that our faculties of Business, Computing, Engineering, Science and Postgraduate Studies are of the highest standard both technically and educationally.

The Degree programs offered at NSBM are carefully designed to suit the requirements of the modern, constantly evolving work world. We have invested in the latest facilities in order to provide our undergraduates with new learning experiences at every stage of their academic life at NSBM. Thus, for effective implementation, NSBM recruits only the best professionals with strong academic as well as industrial backgrounds, with the undeniable ability to guide our students both theoretically and

practically. To add more value to our education, NSBM collaborates with prestigious, world-renowned universities such as, University of Plymouth, UK, Victoria University, Australia and Southern Cross University, Australia providing undergraduates with internationally-recognized qualifications.

So, we hope you will make the wise decision of choosing NSBM for your higher education - Join us and step into the future of world-class education.

- BEng (Hons) Mechanical and Mechatronics (Plymouth University – United Kingdom)
- BEng (Hons) Robotics and Automation Engineering (Plymouth – United Kingdom)

# FACULTY OF SCIENCE

With the vision of being an academic community with excellence and impact in Science education and research, the Faculty of Science will serve the environmental and industrial needs by producing highly qualified scientists to meet the needs of the market, besides conducting pure and applied research to support our national development. To accomplish this, the faculty will dedicate itself to achieving distinction in teaching through designing and offering innovative programmes to build linkages, collaboration, and partnerships with industry in order to create future job opportunities for our graduates.

The students at the Faculty of Science have the opportunity to acquire knowledge from a well-qualified and highly accomplished lecture panel and access to state-of-the-art laboratories with high-tech instrumentation facilities. All the degree programmes are up to date and equipped with highly theoretical and practical knowledge, with laboratory skills, making a future-ready professional. With the strong foundation given, you will be more competent in your subject areas with developed practical and analytical skills.

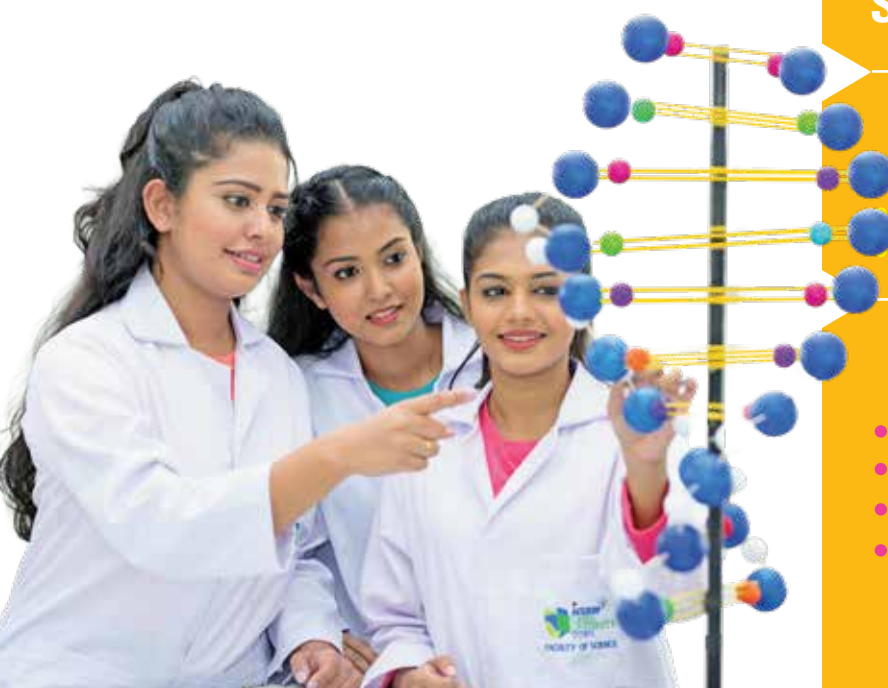

## DEGREES OFFERED AT THE FACULTY OF SCIENCE

### OFFERED BY NSBM GREEN UNIVERSITY

- BSc (Hons) in Biomedical Science
- BSc (Honours) in Pharmaceutical Science
- BSc (Hons) Nutrition and Health

### OFFERED BY PLYMOUTH UNIVERSITY - UNITED KINGDOM

- BSc (Hons) Psychology
- BSc (Hons) Nursing
- BSc (Hons) Biomedical Science
- BSc (Hons) Nursing – Top up

# FOUNDATION PROGRAMMES

## AFTER O/L, BE A GLOBAL GRADUATE

The Foundation Programme for bachelor's degree is designed to provide participants with sound knowledge and skills for progression to undergraduate programmes at the National School of Business Management (NSBM). It is a one-year full-time programme designed for participants with Edexcel/Cambridge G.C.E. Ordinary Level qualification. This programme enables participants to gain essential subject knowledge and skills to progress with further studies in a variety of degree programmes offered by NSBM.

### KEY FEATURES

- Develop knowledge and understanding of participants on specified subject areas to pursue undergraduate studies
- Deliver an acceptable level of English proficiency
- Enhance self-confidence and learning orientation of participants
- Equip participants with appropriate skills for academic success

### KEY FACTS

- **PROGRAMMES:** Business, Computing, Engineering, Science, Design
- **DURATION:** 12 months
- **STUDY METHOD:** Full Time
- **ENTRY QUALIFICATIONS:** Edexcel/Cambridge Ordinary Level 5 passes, including Maths and English
- **ACADEMIC PROGRESSION:** NSBM Degree Programmes offered by University of Plymouth and Victoria University

# WHY CHOOSE NSBM?

## GET SPECIALIZED INTERNATIONAL STUDENT SUPPORT

At NSBM Green University, we warmly welcome students from around the world. Our dedicated International Student Services team ensures that every international student experiences a smooth and comfortable transition to life at NSBM and in Sri Lanka.

### **Key areas of support:**

- Comprehensive guidance and assistance in visa application and renewal.
- Pre-arrival assistance for travel, accommodation, and arrival preparations.
- A specially designed induction programme to help students adapt to campus life and culture.
- Continuous assistance and guidance throughout your stay at NSBM.

## LEARN FROM THE BEST

NSBM is committed to excellence that underpins all campus activities, particularly teaching. The university employs an experienced and qualified full-time lecturer panel across all academic areas. These academic leaders share their expert knowledge and insight with students, enabling them to gain highly respected qualifications and the skills sought by employers in today's challenging global job market.

## IMPROVE YOUR EMPLOYMENT PROSPECTS

Over the years, NSBM graduates have secured top-notch employment opportunities. Our internship component ensures that graduates are well-prepared to be employed by leading companies in Sri Lanka and abroad.

## GAIN PRACTICAL TRAINING

NSBM's strong industry ties ensure that all undergraduates receive valuable industry exposure. In the final year of UGC-approved degree programmes, students are given the opportunity to undertake internships. In addition, all other degree programmes encourage a minimum three-month internship, making NSBM graduates highly sought after by employers.

## ACCESS STATE-OF-THE-ART FACILITIES

NSBM Green University offers modern academic facilities, including lecture halls, computer laboratories, independent study areas, and a library with a vast collection of books, online resources, and digital facilities.

The campus also provides excellent amenities for extracurricular activities, such as an auditorium, open-air theatre, and sports facilities including fully equipped gymnasium, a swimming pool, sports grounds, and much more.

## MAKE NEW FRIENDS

NSBM currently houses over 13,000 students following various degree programmes. Students actively engage in numerous clubs and societies aligned with their talents and interests, and many pursue sports of their choice at the Green Campus.

## ACHIEVE ACADEMIC SUCCESS

NSBM offers a range of student support services to enhance academic success, including a Learning Management System (LMS) where all lecture materials are uploaded for easy access and download. The permanent lecturer panel is readily available within the faculties, allowing students to easily reach out for academic guidance whenever needed.

# OUR CAMPUS . . . . .

## LECTURE HALLS

Modern classrooms, lecture halls, and computer laboratories are available for conducting academic programmes and professional training. All facilities are equipped with state-of-the-art audio-visual and infrastructural systems to ensure an effective learning environment.

## STUDENT CENTER

The NSBM Student Center (Building B1) houses a health center, multipurpose hall, career guidance office, audio-visual room, bookstore, counsellors' rooms, club offices, and informal study areas — all dedicated to enhancing student life and engagement.

## IT LABORATORY SERVICES

NSBM offers a comprehensive IT infrastructure to support teaching and practical learning. Students are required to use computer laboratories according to assigned schedules and adhere to the university's IT policy when utilizing resources.

## AUDITORIUM

A modern auditorium equipped with state-of-the-art audio-visual facilities provides a vibrant space for students to showcase their talents and participate in university events.

## LIBRARY

The NSBM Library holds a rich collection of books in the fields of Management, Computing, and related disciplines. It features a modern sit-and-read area and computer facilities for free internet access.

All NSBM students are eligible to use the library upon obtaining membership, which allows borrowing of books and periodicals. Photocopying facilities are also available at concessionary rates. In addition to prescribed reading materials, students are encouraged to expand their knowledge through independent reading.

## CO-CURRICULAR ACTIVITIES

NSBM provides a supportive environment for co-curricular activities. Students are encouraged to engage in social initiatives, charity projects, personality development programmes, and networking events. Participation in sports, societies, and event organizing is always promoted as an integral part of campus life.

## RECREATIONAL FACILITIES

The NSBM recreational complex includes a six-lane swimming pool, a multipurpose indoor sports building, and a gymnasium. Facilities also feature an exercise hall, observation deck, pavilion, and tiered seating for approximately 600 spectators.

## LEARNING MANAGEMENT SYSTEM (LMS)

The NSBM LMS serves as a rich repository of subject-related content for students. Upon registration, students receive credentials to access the system. They are encouraged to utilize available resources — including module descriptors and lecture materials — to prepare effectively and reach their full academic potential.

## MEDICAL CENTRE AND DENTAL UNIT

The fully functional on-campus Medical Centre and Dental Unit at NSBM provides students and staff with access to quality healthcare. The facility is staffed by experienced medical professionals and offers resident medical support for any urgent needs. All basic medical consultations and medications are provided free of charge for the entire NSBM community.

## CAFES, RESTAURANTS, AND FOOD COURT

NSBM offers a vibrant dining experience through a variety of cafes, restaurants, and a modern food court. Many outlets are operated by reputed Sri Lankan food chains, serving an array of cuisines to cater to diverse tastes and preferences.

## BANKING SERVICES

For the convenience of students and staff, banking services are available right on campus within the Auditorium Building, without the need to leave the university premises.

## SUPERMARKET

A fully stocked Cargills supermarket operates on campus, offering daily essentials, groceries, and fresh produce. It provides a convenient shopping experience for both resident and day scholars.

## SALON

The on-campus salon offers professional grooming and personal care services for students and staff, without having to travel outside the university.

## GIRLS' HOSTEL

On-campus accommodation for girls at NSBM Green University meets international standards, providing comfort, convenience, and a conducive study environment. Each accommodation unit is equipped with essential facilities and allocated on a twin-sharing basis.

### FACILITIES AND FEATURES

- Fully furnished rooms with a bed, table, chair, wardrobe, and towel rack for each student
- Split-type air conditioning units in each room
- Attached bathrooms built to international standards
- On-premises restaurant open 365 days with local and international menus at subsidized prices
- Common and private study areas
- Keyless entry and secured access control system
- Free Wi-Fi access in rooms and common areas
- On-site laundry facilities
- 24/7 security with CCTV monitoring
- Customized rooms for differently-abled students
- Private balconies with natural ventilation and scenic views
- Free electricity, air conditioning, and drinking water
- Elevator and staircase access to all floors

A dedicated Warden and Academic Warden are available on-site with full-time access to students. Residents are expected to bring personal belongings necessary for extended stays, such as pillows, blankets, and bed sheets.

# CLUBS AND SOCIETIES

NSBM Green University is a thriving community of students, staff, and alumni. With the aim of developing students' soft skills and nurturing their talents, a wide range of activities are carried out through various clubs and societies. These platforms encourage teamwork, leadership, creativity, and community engagement among students.

## CHINA – SRI LANKA STUDENT EXCHANGE PROGRAMME

NSBM marked another achievement in its international outreach with its undergraduates' summer exchange programme with Beijing Foreign University, China. This programme is one of the many annual fruitful student exchange programmes with our affiliated universities.

This Summer Camp organized by NSBM acts as a student exchange programme during

the summer semester. It comprises of many knowledge and skills development sessions at NSBM, while also visiting cultural, historical and sight-seeing locations in different parts of the country. In turn, a group of NSBM students tours China where they shall participate in expeditions to tourist destinations with historical significance, training sessions and industrial visits.

## GLOBAL CAMPUS

The Global Classroom for Design Students reading for degrees in Interior Design and Creative Multimedia, is a forum organized by our partner university - Limkokwing University of Creative Technology. This programme exposes our students to the latest trends and practices within a global setting. They discover a practical approach to solving and handling different problems and situations through project-based activities whilst interacting with like-minded scholars from around the globe.

# GLOBAL VILLAGE AT NSBM . . . . .

## NSBM SUMMER PROGRAMME

Realize your potential this summer in the paradise island-Sri Lanka. Immerse in an invigorating two-week learning experience of deeper perspectives and understandings amidst the serenity and inspiration the beautiful island has to offer.

NSBM Summer program 2018 has been designed under the theme of “Nature and Culture”. This year, at NSBM summer camp we want our participants to experience and explore the rich culture and tropical nature Sri Lanka has to offer.

Also, you can enjoy the ultimate opportunity to network and interact with like-minded individuals hailing from all corners of the world. While adding knowledge and experience this summer you will be able to have so much fun!!

# SRI LANKA

## WONDER OF ASIA

# AWAITS YOU!

## STUDY IN THE HEART OF SRI LANKA

Nestled in the serenity of Pitipana, Homagama, just 30 minutes from Colombo, the Sri Lanka's commercial capital and only 1 hour from Bandaranaike International Airport, NSBM Green University offers the perfect location for your international study journey.

- Green surroundings
- Easy accessibility
- Modern campus
- Peaceful environment

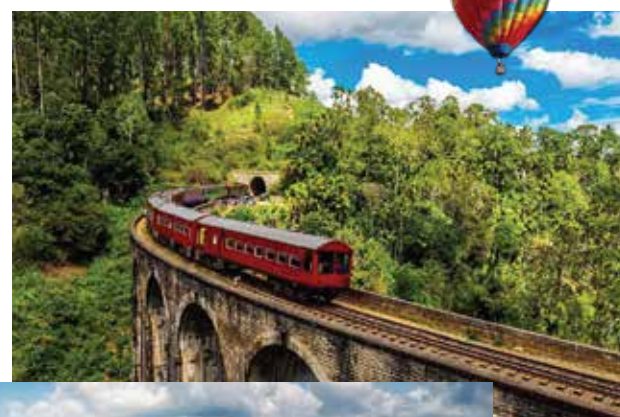

# CULTURE

Being a diverse and multicultural country, Sri Lanka is home to many religions, ethnic groups, and languages. In addition to the majority Sinhalese, it is home to large groups of Sri Lankan Tamils, Indian Tamils, Muslims, Moors, Burghers and Malays. Sri Lanka has a wide variety of handicrafts which range from gold, silver, and bronze to wood, rush and bamboo. This ranges from collector's pieces to items for simple utility.

# HISTORY

Sri Lanka's 2000-plus years of history can be discovered at ancient sites where legendary temples boast beautiful details even as they shelter in caves or perch on prominent peaks. More recent are reminiscent colonial fortresses, from Galle to Trincomalee.

# GEOGRAPHY

Sri Lanka is a tropical country with dazzling white and often untrodden beaches where you can enjoy enough sunshine. When you're ready to escape the tropical climate of the coast and lowlands, head for the hills, with their temperate, achingly green charms with beautiful plantations of famous Sri Lankan tea. Oodles of elephants are another major attraction of the island.
